Tupou is a great advocate and Role Model and her Charisma and Love for all is infectious. Throughout the 2019/2020 swimming year, as much of a busy and hectic swimming year it was for Tupou, she also found time to give back and show gratitude to those that have either helped her in her swimming journey or are less fortunate and struggling with their lives with different disabilities in attending business and sporting events talking about how swimming has evolved and aided her ability to now slide in and around the world's best athletes.
